Dear Dr Sütt,

Dear Colleague,

The COVID 19 pandemic is the biggest public health threat of the last decades and doctors are working very hard to deal with enormous challenges and help patients. We know that you are taking important initiatives to support doctors and we would like to offer our sincere appreciation for your work, as well as to offer our support if you need it.

We are with you during those times of crisis, and we remain at your disposal if there is anything we can do to help.

Sincerely yours,

Prof. Vassilios Papalois  
President
